

## INDUCTION FOR PEOPLE'S ASSOCIATION NEW GRASSROOTS LEADERS

The National Community Leadership Institute (NACLI) is proud to welcome you onboard our community of grassroots volunteers!

At the People's Association (PA), we believe that leadership development is crucial to the continued excellence and growth of community organisations. NACLI is the leadership development arm of the PA. It anchors its training and development of grassroots leaders (GRLs) on the Community LEAD Framework. This is a comprehensive and holistic approach to developing core leadership competencies in GRLs so that you can fulfill your leadership roles within the community effectively.

To begin your learning journey, we are pleased to invite you to the ***Induction for People's Association New Grassroots Leaders (IPNGL)***. Specially designed for newly appointed GRLs within their first six months of service, we strongly encourage you to attend the programme which will provide you with a good overview of the history, objectives and organisational structure of the PA and its grassroots organisations (GROs), and a better understanding of the core values, roles and expectations of GROs and GRLs. We trust that the programme will help to connect you with the purpose and passion for volunteering upon which your future contributions to the grassroots will be built.

We look forward to meeting you at the IPNGL.
